

**MOCK TEST PAPER 1**  
**FINAL COURSE: GROUP – I**  
**PAPER – 1: FINANCIAL REPORTING**

**Question No.1 is compulsory. Candidates are required to answer any four questions from the remaining five questions.**

*Wherever necessary, suitable assumptions may be made and disclosed by way of a note.*

*Working notes should form part of the answers.*

**Time Allowed – 3 Hours**

**Maximum Marks – 100**

1. Company X is engaged in the business of exploration & development of Oil & Gas Blocks. It currently holds participating interest (PI) along with other companies in below mentioned producing Block as follows:

| Block Name | Company X | Company Y | Company Z | Total |
|------------|-----------|-----------|-----------|-------|
| AWM/01     | 30%       | 60%       | 10%       | 100%  |

For the above Block, Company X, Y & Z has entered into unincorporated Joint Venture.

Company Y is the Operator of the Block AWM/01. Company X and Company Z are the Joint Operators. Company Y incurs all the expenditure on behalf of Joint Venture and raise cash call to Company X and Company Z at each month end in respect of their share of expenditure incurred in Joint Venture. All the manpower and requisite facilities / machineries owned by the Joint venture and thereby owned by all the Joint Operators.

For past few months, due to liquidity issues, Company Z defaulted in payment of cash calls to operators. Therefore, company Y (Operator) has issued notice to company Z for withdrawal of their participating right from on 1.4.20X1. However, company Z has filed the appeal with arbitrator on 30.4.20X1.

Financial performance of company Z has not been improved in subsequent months and therefore company Z has decided to withdraw participating interest rights from Block AWM/01 and entered into sale agreement with Company X and Company Y. As per the terms of the agreement, dated 31.5.20X1, Company X will receive 33.33% share & Company Y will receive 66.67% share of PI rights owned by Company Z.

Company X is required to pay ₹ 1,00,000 against 33.33% share of PI rights owned by Company Z.

After signing of sale agreement, Operator (company Y) approach Government of India for modification in PSC (Production Sharing Contract) i.e. removal of Company Z from PSC of AWM/01 and government has approved this transaction on 30.6.20X1. Government approval for the modification in PSC is essential for the given industry in which the joint-operators operate.

**Balance Sheet of Company X and Company Z**

| Particulars                          | Company X               |                         | Company Z              |                        |
|--------------------------------------|-------------------------|-------------------------|------------------------|------------------------|
|                                      | 31.5.20X1               | 30.6.20X1               | 31.5.20X1              | 30.6.20X1              |

| <b>Total Liabilities</b>             | <b><u>13,50,000</u></b> | <b><u>23,00,000</u></b> | <b><u>4,25,000</u></b> | <b><u>8,50,000</u></b> |

**Additional Information:**

1. Fair value of PPE & Development CWIP owned by Company Z as per market participant approach is ₹ 5,00,000 & ₹ 2,00,000 respectively.
2. Fair value of all the other assets and liabilities acquired are assumed to be at their carrying values (except cash & cash equivalent). Cash and cash equivalents of Company Z are not to be acquired by Company X as per the terms of agreement.
3. Tax rate is assumed to be 30%.

4. As per Ind AS 28, all the joint operators are joint venturers whereby each parties that have joint control of the arrangement have rights to the net assets of the arrangement and therefore every operator records their share of assets and liabilities in their books.

You need to determine the following:

1. Whether the above acquisition falls under business or asset acquisition as defined under business combination standard Ind AS 103?
  2. Determine the acquisition date in the above transaction?
  3. Prepare Journal entries for the above-mentioned transaction?
  4. Draft the Balance Sheet for Company X based on your analysis in Part 1 above as at acquisition date.
  5. Is this a case of step acquisition? Explain. **(20 Marks)**
2. (a) A Limited is engaged in the manufacturing of certain specialized chemicals. During the manufacturing process, certain wastewater is produced which is released by A Limited in the nearby river. To reduce pollution of the rivers, the state government has introduced a scheme with the following salient features:
- If a manufacturer installs certain pre-approved wastewater treatment plant, the government will provide an interest free loan equal to 50% of the cost of the plant;
  - Such loan will be repayable to the government in 5 years from the date of disbursal;
  - The manufacturer availing the benefit of this scheme must treat the wastewater of its factory using the specified plant before releasing it to the river. If this condition is violated, the entire loan shall become immediately repayable to the government along with a penalty of ₹ 10 lakh.

Cost of the wastewater treatment plant to be installed to avail the benefit of the scheme is ₹ 50 lakh. A Limited decided to utilise this scheme because, if it were to obtain the similar loan from a bank, it would be available at a market interest rate of 12% per annum. Accordingly, A Limited applied for and obtained the government loan of ₹ 25 lakh on 1<sup>st</sup> April, 20X1. A Limited purchased and installed the plant such that it became ready for use on the same date.

A Limited has an accounting policy of recognising government grant in relation to depreciable assets in the proportion of depreciation expense. It has determined that the plant will be depreciated over a period of 5 years using straight-line method. In the month of March, 20X3, government officials conducted a surprise audit, and it was found that A Limited was not using the wastewater treatment plant as prescribed. Accordingly, on 31<sup>st</sup> March, 20X3, the government ordered A Limited to repay the entire loan along with penalty. A Limited repaid the loan with interest and penalty as per the order on 31<sup>st</sup> March, 20X3.

Measure the amount of government grant as on 1<sup>st</sup> April, 20X1. Determine the nature of the government grant and its accounting treatment (principally) for the year ended 31<sup>st</sup> March, 20X2. Also determine the impact on profit or loss if any, on account of revocation of government grant as on 31<sup>st</sup> March, 20X3. **(12 Marks)**

- (b) From the following data of Galaxy Ltd., prepare statement of cash flows showing cash generated from Operating Activities using direct method as per Ind AS 7:

|                         | 31.3.20X2<br>(₹) | 31.3.20X1<br>(₹) |
|-------------------------|------------------|------------------|
| Current Assets:         |                  |                  |
| Inventory               | 1,20,000         | 1,65,000         |
| Trade receivables       | 2,05,000         | 1,88,000         |
| Cash & cash equivalents | 35,000           | 20,500           |

|                      |          |          |
|----------------------|----------|----------|
| Current Liabilities: |          |          |
| Trade payable        | 1,95,000 | 2,15,000 |
| Provision for tax    | 48,000   | 65,000   |

| <i>Summary of Statement of Profit and Loss</i> |                    | ₹                  |
|--|--------------------|--------------------|
| Sales  | 85,50,000          |                    |
| Less: Cost of sales                            | <u>(56,00,000)</u> | 29,50,000          |
| Other Income                                   |                    |                    |

| Administrative and selling expenses            | (15,40,000)        |                    |
| Interest expenses                              | (36,000)           |                    |
| Foreign exchange loss                          | <u>(18,000)</u>    | <u>(16,18,000)</u> |
| Net Profit before tax and extraordinary income |                    | 14,62,000          |
| Income Tax                                     |                    | <u>(95,000)</u>    |
| Net Profit                                     |                    | <u>13,67,000</u>   |

**Additional information:**

- (i) Trade receivables and Trade payables include amounts relating to credit sale and credit purchase only.
- (ii) Foreign exchange loss represents increment in liability of a long-term borrowing due to exchange rate fluctuation between acquisition date and balance sheet date. **(8 Marks)**
3. (a) A Ltd. is a company which is in the business of manufacturing engineering machines and providing after sales services. The company entered into a contract with Mr. Anik to supply and install a machine, namely 'model pi' on 1<sup>st</sup> April 20X1 and to service this machine on 30<sup>th</sup> September 20X1 and 1<sup>st</sup> April 20X2. The cost of manufacturing the machine to A Ltd. was ₹ 1,60,000.

It is possible for a customer to purchase both the machine 'model pi' and the maintenance services separately. Mr. Anik is contractually obliged to pay A Ltd ₹ 4,00,000 on 1<sup>st</sup> April, 20X2.

The prevailing rate for one-year credit granted to trade customers in the industry is 5 percent per six-month period.

As per the experience, the servicing of the machine 'model pi' sold to Mr. Anik is expected to cost A Ltd. ₹ 30,000 to perform the first service and ₹ 50,000 to perform the second service. Assume actual costs equal expected costs. When A Ltd. provides machine services to customers in a separate transaction it earns a margin of 50% on cost. On 1<sup>st</sup> April, 20X1, the cash selling price of the machine 'model pi' sold to Mr. Anik is ₹ 2,51,927.

The promised supply of machine 'model pi' and maintenance service obligations are satisfactorily carried out in time by the company.

You are required to:

- (i) Segregate the components of the transaction that A Ltd. shall apply to the revenue recognition criteria separately as per Ind AS 115;

- (ii) Calculate the amount of revenue which A Ltd. must allocate to each component of the transaction;
- (iii) Prepare journal entries to record the information set out above in the books of accounts of A Ltd. for the years ended 31<sup>st</sup> March 20X2 and 31<sup>st</sup> March 20X3; and
- (iv) Draft an extract showing how revenue could be presented and disclosed in the financial statements of A Ltd. for the year ended 31<sup>st</sup> March 20X2 and 31<sup>st</sup> March 20X3. **(14 Marks)**
- (b) Analyse whether the following activities fall within the scope of Ind AS 41 with proper reasoning:
- Managing animal-related recreational activities like Zoo
  - Fishing in the ocean
  - Fish farming
  - Development of living organisms such as cells, bacteria and viruses
  - Growing of plants to be used in the production of drugs
  - Purchase of 25 dogs for security purpose of the company's premises. **(6 Marks)**
4. (a) HIM Limited having net worth of ₹ 250 crores is required to adopt Ind AS from 1<sup>st</sup> April, 20X2 in accordance with the Companies (Indian Accounting Standard) Rules 2015.

Rahul, the senior manager, of HIM Ltd. has identified following issues which need specific attention of CFO so that opening Ind AS balance sheet as on the date of transition can be prepared:

Issue 1: As part of Property, Plant and Equipment, Company has elected to measure land at its fair value and want to use this fair value as deemed cost on the date of transition. The carrying value of land as on the date of transition was ₹ 5,00,000. The land was acquired for a consideration of ₹ 5,00,000. However, the fair value of land as on the date of transition was ₹ 8,00,000.

Issue 2: Under Ind AS, the Company has designated mutual funds as investments at fair value through profit or loss. The value of mutual funds as per previous GAAP was ₹ 4,00,000 (at cost). However, the fair value of mutual funds as on the date of transition was ₹ 5,00,000.

Issue 3: Company had taken a loan from another entity. The loan carries an interest rate of 7% and it had incurred certain transaction costs while obtaining the same. It was carried at cost on its initial recognition. The principal amount is to be repaid in equal instalments over the period of loan. Interest is also payable at each year end. The fair value of loan as on the date of transition is ₹ 1,80,000 as against the carrying amount of loan which at present equals ₹ 2,00,000.

Issue 4: The company has declared dividend of ₹ 30,000 for last financial year. On the date of transition, the declared dividend has already been deducted by the accountant from the company's 'Reserves & Surplus' and the dividend payable has been grouped under 'Provisions'. The dividend was only declared by board of directors at that time and it was not approved in the annual general meeting of shareholders. However, subsequently when the meeting was held it was ratified by the shareholders.

Issue 5: The company had acquired intangible assets as trademarks amounting to ₹ 2,50,000. The company assumes to have indefinite life of these assets. The fair value of the intangible assets as on the date of transition was ₹ 3,00,000. However, the company wants to carry the intangible assets at ₹ 2,50,000 only.

Issue 6: After consideration of possible effects as per Ind AS, the deferred tax impact is computed as ₹ 25,000. This amount will further increase the portion of deferred tax liability.

There is no requirement to carry out the separate calculation of deferred tax on account of Ind AS adjustments.

Management wants to know the impact of Ind AS in the financial statements of company for its general understanding.

Prepare Ind AS Impact Analysis Report (Extract) for HIM Limited for presentation to the management wherein you are required to discuss the corresponding differences between Earlier IGAAP (AS) and Ind AS against each identified issue for preparation of transition date balance sheet. Also pass journal entry for each issue. **(14 Marks)**

- (b) On 1<sup>st</sup> January, 20X1 an entity accepted an order for 7,000 custom-made corporate gifts.

On 3<sup>rd</sup> January, 20X1 the entity purchased raw materials to be consumed in the production process for ₹ 5,50,000, including ₹ 50,000 refundable purchase taxes. The purchase price was funded by raising a loan of ₹ 5,55,000 (including ₹ 5,000 loan-raising fees). The loan is secured by the inventories.

During January 20X1 the entity designed the corporate gifts for the customer.

Design costs included:

- cost of external designer = ₹ 7,000; and
- labour = ₹ 3,000.

During February 20X1 the entity's production team developed the manufacturing technique and made further modifications necessary to bring the inventories to the conditions specified in the agreement. The following costs were incurred in the testing phase:

- materials, net of ₹ 3,000 recovered from the sale of the scrapped output = ₹ 21,000;
- labour = ₹ 11,000; and
- depreciation of plant used to perform the modifications = ₹ 5,000.

During February 20X1, the entity incurred the following additional costs in manufacturing the customised corporate gifts:

- consumable stores = ₹ 55,000;
- labour = ₹ 65,000; and
- depreciation of plant used to manufacture the customised corporate gifts = ₹ 15,000.

The customised corporate gifts were ready for sale on 1<sup>st</sup> March, 20X1. No abnormal wastage occurred in the development and manufacture of the corporate gifts.

Compute the cost of the inventory? Substantiate your answer with appropriate reasons and calculations, wherever required. **(6 Marks)**

5. (a) On 1<sup>st</sup> April, 20X1, Sun Limited guarantees a ₹ 10,00,000 loan of Subsidiary – Moon Limited, which Bank STDK has provided to Moon Limited for three years at 8%.

Interest payments are made at the end of each year and the principal is repaid at the end of the loan term.

If Sun Limited had not issued a guarantee, Bank STDK would have charged Moon Limited an interest rate of 11%. Sun Limited does not charge Moon Limited for providing the guarantee.

On 31<sup>st</sup> March 20X2, there is 1% probability that Moon Limited may default on the loan in the next 12 months. If Moon Limited defaults on the loan, Sun Limited does not expect to recover any amount from Moon Limited.

On 31<sup>st</sup> March 20X3, there is 3% probability that Moon Limited may default on the loan in the next 12 months. If Moon Limited defaults on the loan, Sun Limited does not expect to recover any amount from Moon Limited.

Discuss the accounting treatment of financial guarantee as per Ind AS 109 in the books of Sun Ltd., on initial recognition and in subsequent periods till 31<sup>st</sup> March 20X3 and provide journal entries for the same. **(10 Marks)**
